

Hampton Plasma Console

SKU # HMCAV216
65" w x 22" d x 24" h

Finish: Coffee Bean

Hampton Plasma Console

Brownstone's passion for innovation and intriguing design is apparent in the Hampton Collection. Crafted with solid hardwood that has been uniquely processed to mimic the raised grain of rain washed timbers, it is Brownstone's deep appreciation for the natural beauty of wood that led to the creation of this plasma.

Plasma Console Additional Features

- Installation friendly for audio visual equipment, no tools required to remove back panel
- Fully removable rear access, wire management access to all compartments
- Three compartments with one adjustable shelf per section
- Consoles can accommodate DVD, amp switching, small multi channel speakers, subwoofers or TV speakers, Xbox, or PS3

BROWNSTONE

Marin Plasma Console

Brownstone has created, in the Marin Collection, a peaceful balance of texture, distinctive design and elegant proportions. A rich cappuccino finish creates uniformity between the bold texture of environmentally sustainable bamboo and the graceful forms of solid plantation mahogany.

Marin Plasma Console

SKU # MAAV216
65"w x 22"d x 24"h

(shown with bamboo doors)

Metropolitan Plasma Console

The Metropolitan plasma console has all the exquisite design elements from the rest of the collection including its dark espresso finish accented with antique crackle trim.
