

Metropolitan Collection

With its roots in traditional design, the Metropolitan Collection has been updated with graceful curves and elegant proportions. The Collection reflects classic design elements with serpentine tops, bowed fronts and solid brass hardware. The fourteen step finish is a deep, richly grained espresso, and is accented with antique gold crackle trim. The Metropolitan Collection is an artful blend of sophisticated luxury and classic familiarity.

Étagère

This beautiful piece can be used as a room divider or placed against a wall. Manufactured in two pieces, the Étagère features two drawers and open shelves for displaying books and accessories.
